## Detailed Action

### Election/Restriction

- I. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-33, drawn to a method for monitoring operational parameters of a system of networked electrical components, classified in class 702, subclass 188; and
  - II. Claims 34-52, drawn to an apparatus or system for accessing processed or sensed data, classified in class 725, subclass 31.

The inventions are distinct, each from the other because of the following reason:

Inventions I and II are related as method and apparatus for its practice. The inventions are distinct if it can be shown that either: (1) the process as claimed can be practiced by another materially different apparatus or by hand, or (2) the apparatus as claimed can be used to practice another and materially different process. (MPEP § 806.05(e)). In the instant case:

- The invention of group I can be used to sense or identify calibration point data in signal meters.
- The invention of group II can be used to access a sensed or processed data where no sensor is required; for instance a set-top box used to access a World Wide Web signal.

Art Unit: 2857

Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II, restriction for examination purposes as indicated is proper.

2. A telephone call was made to Mr. Jay Deinken on July 1, 2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

### Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Elias Desta whose telephone number is (703)-305-3840. The examiner can normally be reached on M-Thu (8:00-6:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Marc S. Hoff can be reached on (703)-308-1677. The fax phone numbers for the organization where this application or proceeding is assigned are (703)-308-5841 for regular communications and (703)-308-5841 for After Final communications.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703)-308-1782.
